## ADMISSIONS INFORMATION

<b>Basic Admissions Requirements</b>	General admission guidelines applicable to all programs: English 12, 4 additional grade 12 university preparatory classes. Grade 12 classes that can be used for admissions and program specific requirements can be found here: <a href="https://admissions.acadiu.ca/British_Columbia_and_the_Yukon_.html">https://admissions.acadiu.ca/British Columbia and the Yukon .html</a>
<b>Minimum Admissions Average</b>	Average 70% however 75% for Biology and Kinesiology
<b>Application Deadline &amp; Fee</b>	No deadline. Application opens beginning of October. Acadia performs rolling admissions and applications are accepted until programs are full. Fee: \$40
<b>Policy on repeated courses</b>	We would take the highest grade
<b>Policy on summer school, night school, online courses &amp; correspondence courses</b>	Acadia recognizes and gives credit for all courses that are accredited by a provincial education board. So long as the student can provide sufficient record (i.e. transcript) of courses taken, they will be considered for admission purposes. Ideally, these courses will be located on the students BC transcript.
<b>Do you accept Challenge exams?</b>	No
<b>Timing of offers/grades used</b>	Offers start to be sent when the application opens the beginning of October. Acadia performs rolling admissions. Grade 11 grades will be considered for early admission. Grade 12 grades will be used once they become available.
<b>Deferral Policy</b>	The Scholarship, Prize and Awards Committee of Senate allows students to defer their scholarship for up to one full academic year if the student does not participate in any further post-secondary education. Students who choose to defer must notify the Admissions office ( <a href="mailto:admissions@acadiu.ca">admissions@acadiu.ca</a> ) once they decide to attend or return to full-time study. If the residence deposit was placed that will also carry over to the next year
<b>Reporting of Grades</b>	We accept self-reported grades and unofficial transcripts from students applying directly from High School when applying
<b>IB Credit Information</b>	Students completing the IB diploma will be admitted with a minimum score

	of 24 for all programs. Students that obtain a 30 or higher will be offered one full year's worth of credits (30 credit hours). Students that are only completing individual IB courses will be awarded credit for all exams completed at a 5/6/7. A scholarship average bonus will also be awarded for courses that reach this level. Acadia offers IB specific scholarships, also. Students can submit their predicted scores to obtain early admission
<b>AP Credit Information</b>	Students that receive a 4/5/6 on their AP exams will be offered a transfer credit, as well as a bonus percentage on their scholarship average
<b>English Proficiency Requirements</b>	TOEFL 90 and IELTS 6.5 (with no band below 6.0). Other language tests will be considered on an individual basis. Acadia operates its own EAP program on campus, with university professors teaching the program. Successful completion of the EAP program guarantees admission to the regular degree streams. In the event a student does not meet the minimum language score requirements, they will be offered dual admission into EAP + the degree of their choice. International students that graduate from a Canadian curriculum school (whether domestically or off-shore) will have their language requirements waived. Contact: Liam Dutton Email: <a href="mailto:liam.dutton@acadiu.ca">liam.dutton@acadiu.ca</a>
<b>Dual Credit Information</b>	All students complete the same application, thus minimal difference is noted between direct entry and transfer. A student can transfer as many credits as they have obtained during their high school career (ex. An IB student is technically able to transfer an entire year's worth of credits provided they score a 30 or higher on their diploma)

### ADMISSIONS INFORMATION

<b>Basic Admissions Requirements</b>	For admission into the University of Alberta's direct-entry programs, students must present a competitive average across the five high school subjects required for their program of choice. For details on the requirements of each program, see the charts in the Viewbook or go to our online program tool at <a href="http://uab.ca/programs">uab.ca/programs</a> .
<b>Minimum Admissions Average</b>	Admission to all programs is competitive. Students must meet both the minimum and competitive grade-average requirements for their faculty/program. The competitive average varies for each program, each year, depending on the competitiveness of the applicant pool. Presenting marks within the competitive range does not guarantee admission as space in each program is limited. The final average range from the previous year is available online at <a href="http://uab.ca/averages">uab.ca/averages</a> .
<b>Application Deadline &amp; Fee</b>	Application for admission opens October 1, 2018. The application deadline for direct-entry programs is March 1, 2019. The application fee is \$125. Apply online at <a href="http://uab.ca/apply">uab.ca/apply</a> .
<b>Repeated courses policy</b>	If a student repeats a course, the University of Alberta will use the higher grade.
<b>Policy on summer school, night school, online &amp; correspondence courses</b>	The University of Alberta will only accept high school courses that appear with a final grade on a student's official transcript on or before the August 1, 2019 document deadline.
<b>Do you accept challenge exams?</b>	The University of Alberta will only accept challenge exams for high school courses if the course appears with a final grade on the official transcript on or before the August 1, 2019 document deadline.
<b>Timing of offers/grades used</b>	Students are encouraged to apply early, as they are considered for admission based on the earliest indicators of their success. High achieving students may receive an offer based on Grade 11 marks alone. Many students will need to present a combination of final Grade 11 and final first-semester Grade 12 marks to be considered. Qualified applicants will receive a single, firm admission offer. For linear schools we will accept interim Grade 12 grades, provided that they reflect at least 50% of the course content. For more details on evaluation criteria, visit: <a href="http://uab.ca/apply">uab.ca/apply</a> .
<b>Deferral Policy</b>	It is not possible to defer admission to the University of Alberta. If a student is admitted but decides not to attend that year, they will be required to submit a new application and pay the required application fee another year. Please note that the entrance requirements and averages may change from year to year, and students will be evaluated according to the current admissions criteria.

<b>Dual Credit Information</b>	High school students taking dual credit courses will not be evaluated as post secondary transfer students, regardless of units completed.
